INSTRUCTIONS FOR MAKING THESE RUGS

Ⓐ **MATERIAL REQUIRED:** 6 Balls MAYSVILLE HOME-CRAFT Soft Spun Yarn; 3 balls of Light Shade, 3 balls of Contrasting Shade. (Approximate size 20"x32".) Use Crochet Hook approximate size of drawing marked Aluminum. **INSTRUCTIONS:** Chain 68, turn and single crochet to end of row. Single Crochet is used throughout the entire rug. Make 9 panels: the first panel 6 rows, the next panel 2 rows, then 6 rows, then 2 rows, then 6, then 2, then 6, then 2, and the last panel 6 rows. **BORDER:** Single crochet 9 rows around outside of panels. Increase as needed at corners only.

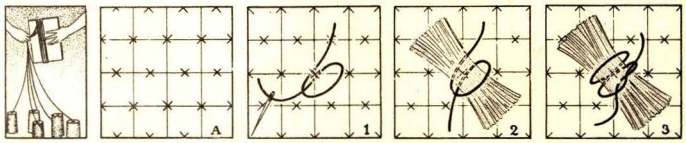
Ⓑ **MATERIAL REQUIRED:** 6 Balls MAYSVILLE HOME-CRAFT Soft Spun Yarn; 3 Balls of Light Shade, 3 Balls of Contrasting Shade. (Approximate size 22"x32" including fringe.) Use Crochet Hook approximate size of drawing marked Aluminum. **INSTRUCTIONS:** Chain (ch) 26 with the light shade, turn and single crochet on both sides of chain; continue to work around and around, increasing at corners only, as needed, until you have 19 rows around. Next, attach the contrasting shade and continue to work around as above, increasing as needed at corners only, until you have 13 rows of this shade. **FRINGE:**★★ Attach two strands of yarn, (one of each color, or both the same color), on edge of rug, make loops about 1¼" long by pulling the two strands of yarn through the first stitch. Carry the one strand of yarn over the loop and the other strand of yarn under the loop, and make next loop in next stitch. Continue to make loops with yarn drawn over and under, one loop in each stitch around the entire rug. This will prevent pulling out. Steam and press lightly to bring out beauty of rug.

Ⓒ **MATERIAL REQUIRED:** 6 Balls MAYSVILLE HOME-CRAFT Soft Spun Yarn; 3 Balls of Light Shade, 3 Balls of Dark Shade. (Approximate size 20"x32" including fringe.) Use Crochet Hook approximate size of drawing marked Aluminum. **INSTRUCTIONS:** Chain (ch) 33, turn and single crochet to end of row. Single crochet is used throughout the entire rug. Make 15 panels; first panel 8 rows of light shade; next panel 2 rows of contrasting shade; continue until you have 8 panels of the light shade and 7 panels of the contrasting shade, ending with the light. **BORDER:** Single crochet 8 rows around outside of panels, this to be worked with the contrasting shade. Increase as needed at corners only. **FRINGE:**★★ Same as above; suggest 1¼" long.

Ⓓ **MATERIAL REQUIRED:** 6 Skeins MAYSVILLE RUG FILLER, for rug approximate size 27"x40". Use Crochet Hook approximate size of drawing marked Wood. **INSTRUCTIONS:** Chain 23, work around chain as for single crochet. Push hook through chain, hook OVER the yarn and pull through; then hook under yarn, pull through both loops to form a cross-stitch. Repeat, and increase as needed, at ends only, to make rug lie flat. Make flower with single chain stitch, and sew down.

Ⓔ **MATERIAL REQUIRED:** 4 tubes MAYSVILLE CARPET WARP (Approximate size 18"x30" including fringe.) Use Crochet Hook approximate size of drawing marked Steel. **INSTRUCTIONS:** Work with three (3) strands of MAYSVILLE FAST COLOR WARP. Chain 84, turn and single crochet to end of row. Single Crochet (s c) is used throughout the entire rug. Work as follows—14 rows green, 6 rows rose, 6 rows green, 4 rows rose, 62 rows green, 4 rows rose, 6 rows green, 6 rows rose, 14 rows green. **FRINGE:** Tie in 2¾" fringe on the two short ends of rug. Steam and press lightly to bring out beauty of rug.

Ⓕ **MATERIALS REQUIRED:** MAYSVILLE CARPET WARP; Stenciled foundation (Cat. No. 25-4792.) SIZE OF RUG: 20"x30" Buy 6 Tubes; 24"x36" Buy 9 Tubes; 30"x30" Buy 9 Tubes; 36"x36" Buy 13 Tubes; 4" Tuft equals 2" Pile. **INSTRUCTIONS:** Hem foundation. A quick, easy way to make the tufts is to wind MAYSVILLE CARPET WARP from one tube, or preferably 5 tubes at a time, around a 12 or 14-inch cardboard, or a large magazine, until you have about 65 strands. Cut warp off at one end and you will have about a two foot length. With sharp scissors cut this length into 4-inch tufts. Thread needle with MAYSVILLE CARPET WARP and sew and tie the tufts securely to the foundation with double knot, AS SHOWN IN SKETCHES 1, 2 and 3. Preferably start tying the tufts near center row of rug and work out toward edge of rug. Tie tufts at intersections of lines in one row, and in the next row tie tufts halfway between the lines as shown by "x" marks on foundation (Also see Sketch "A"). Be sure to trim off evenly top of each tuft after tying. Your rug will be more attractive if the outside three rows are tapered off; that is, for the three outside rows cut the tufts as follows: for the third row from the outside cut 3¾" tufts; for the second row from the outside cut 3½" tufts, and for the outside row cut 3¼" tufts. To increase fluffiness, after finishing rug steam or sprinkle with lukewarm water, and dry flat. To make a round or oval rug, best results are obtained by tying the tufts first in the center, and then working outward in circles or ovals, tying the rows about an inch apart. **WASHING INSTRUCTIONS:** Wash in lukewarm water with mild soap; squeeze out by hand and dry flat; shake vigorously once or twice before completely dry, and shake again when dry.



Ⓖ **MATERIAL REQUIRED:** 5 Skeins MAYSVILLE RUG FILLER, 1 Tube MAYSVILLE CARPET WARP. **INSTRUCTIONS:** Use Hearthside Waffle Weave Rug Frame for making this rug. See Sears current catalog under Maysville Yarn Supplies or contact nearest Sears retail store for buying information.
